

Eloira

HORMONAL INTRAUTERINE SYSTEM (IUS)

HIGHLY EFFECTIVE · REVERSIBLE · LONG TERM · AFFORDABLE

MOST EFFECTIVE HORMONAL CONTRACEPTIVE

- **99.8% effective** - better results than copper IUD
- Immediate return to fertility once removed
- Up to **5 years of protection** (can be taken out sooner)
- **Effective** immediately after being placed
- **Not detectable** by partner and doesn't interrupt normal sexual activity
- Not affected by other medicines

NON-CONTRACEPTIVES BENEFITS

- Thinner lining of the uterus that helps **reducing heavy bleeding**
- Approved treatment for Dysfunctional Uterine Bleeding (abnormal or irregular bleeding from the uterus)
- Fewer cramps and pain from menses
- Local therapeutic effect results in minimal side effects
